

## Dates, Theme and Location of Conferences in the *International Neurotoxicology Conference Series*.

No.	Date	Theme	Location
1	Sept. 21-27, 1982 <i>*Note: The first conference had 4 concurrent symposia</i>	<i>Neurotoxicology of Manganese: Clinical and Experimental Research Advances</i>	Chicago, IL
		<i>Mechanisms and Manifestations of Tin Neurotoxicity</i>	
		<i>Neurotoxicology of Lead: Reviews and Recent Advances</i>	
		<i>Mechanisms and Manifestations of Chlordecone Neurotoxicity</i>	
2	Sept. 11-15, 1983	<i>Neurofilamentous Axonopathies,</i>	Chicago, IL
3	Sept. 9-12, 1984	<i>Pyrethroids and Neuroactive Pesticides</i>	Little Rock, AR
4	Sept. 9-13, 1985	<i>Neurotoxicology in the Fetus and Child</i>	Little Rock, AR
5	Sept. 28-Oct. 2, 1987	<i>Cognitive Dysfunction in Children and Adults: Clinical and Basic Science Issues</i>	Little Rock, AR
6	Oct. 10-14, 1988	<i>Drug Abuse and Brain Development</i>	Little Rock, AR
7	Sept. 18-21, 1989	<i>Neurotoxicology and Risk Assessment</i>	Little Rock, AR
8	Oct. 1-4, 1990	<i>Role of Toxicants in Neurological</i>	Little Rock, AR
9	Sept. 22-25, 1991	<i>New Dimensions of Lead Neurotoxicity: Redefining Mechanisms and Effects</i>	Little Rock, AR
10	Sept. 28 - Oct. 1, 1992	<i>Mechanisms of Developmental Neurotoxicology</i>	Little Rock, AR
11	Sept. 26-30, 1993	<i>Drugs of Abuse and Developmental Neurotoxicity: Cocaine, Alcohol, PCP and Amphetamines</i>	Little Rock, AR
12	Oct. 30 - Nov. 2, 1994	<i>Neurotoxicity of Mercury: Indicators and Effects of Low-Level Exposure</i>	Hot Springs, AR
13	Oct. 29 - Nov. 1, 1995	<i>Developmental Neurotoxicity of Endocrine Disruptors: Dioxins, PCBs, Metals, Pesticides, Psychoactive and Therapeutic Drugs</i>	Hot Springs, AR
14	Oct. 13-16, 1996	<i>Neuroimmunotoxicology. Immune and Nervous System Responses to Environmental Toxicants: Parallels, Intersections and Interactions</i>	Hot Springs, AR
15	Oct. 26-29, 1997	<i>Manganese: Are There Effects from Long-Term, Low-Level Exposure?</i>	Little Rock, AR
16	Sept. 13-16, 1998	<i>Pesticides and Susceptible Populations: Who is at Risk and When?</i>	Little Rock, AR
17	Oct. 17-20, 1999	<i>Children's Health and the Environment: Mechanisms and Consequences of Developmental Neurotoxicology</i>	Little Rock, AR
18	Sept. 23-26, 2000	<i>Children's Health and the Environment 2000</i>	Colorado Springs, CO
19	Aug. 25-28, 2001	<i>Parkinson's Disease, Environment and Genes</i>	Colorado Springs, CO
20	Nov. 18-22, 2002	<i>Emerging Issues in Neurotoxicology</i>	Little Rock, AR
21	Feb. 10-14, 2004	<i>Infant and Child Neurotoxicity Studies: Subtle and Delayed Effects</i>	Honolulu, HI
22	Sep. 11-14, 2005	<i>Environment and Neurodevelopmental Disorders</i>	Research Triangle Park, NC
23	Sep. 17-21, 2006	<i>Neurotoxicity in Development &amp; Aging</i>	Little Rock, AR
24	Nov. 11-14, 2007	<i>Environmental Etiologies of Neurological Disorders</i>	San Antonio, TX
25	Oct. 12-16, 2008	<i>Environmental Etiologies of Neurological Disorders: Scientific, Translational &amp; Policy Implications</i>	Rochester, NY
26	June 6-11, 2010	<i>Unifying Mechanisms of Neurological Disorders</i>	Portland, OR
